What is Hospital Indemnity Insurance?

Hospital Indemnity Insurance pays a daily benefit if you have a covered stay in a hospital*, critical care unit or rehabilitation facility. The benefit amount is determined by the type of facility and the number of days you stay. You have the option to elect Hospital Indemnity Insurance to meet your needs]. Hospital Indemnity Insurance is a limited benefit policy. It is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

Features of Hospital Indemnity Insurance include:

- **Guaranteed issue:** No medical questions or tests are required for coverage.
- **Flexible:** You can use the benefit payments for any purpose you like.
- **Portable:** If you leave your current employer or retire, you can take the policy with you and select from a variety of payment plans.

*A hospital does not include an institution or part of an institution used as: a hospice care unit; a convalescent home; a rest or nursing facility; a free-standing surgical center; a rehabilitative center; an extended care facility; a skilled nursing facility; or a facility primarily affording custodial, educational care, or care or treatment for persons suffering from mental diseases or disorders, or care for the aged, or drug or alcohol addiction. "Critical care unit" and "rehabilitative facility" are specifically defined in this policy. See the certificate for details.
